Requirement for your entranceway for property located at:

Lot no, _____ Subdivision _____

Location: _____ ft. _____ of _____ Road on the _____ side of _____ Road

_____ Private residence _____ Farm/field _____ Commercial

Is there any entrance in existence now? _____ Is there a side ditch along the road now? _____

Is the entrance to be located near or on top of hill? _____

Proposed entrance must be marked with stakes or flags.

If the proposed entrance or landscaping plan requires a culvert pipe or tile, the cost of same shall be the responsibility of the adjacent property owner involved. The Marshall County Highway Department will determine the size of the culvert pipe or tile required. The property owner furnishes the proper size and length of pipe and installation required for the approved project.

It shall be understood that the cost of the culvert pipe for all entrances and landscaping on Marshall County right-of-way shall be the responsibility of the adjacent property owner requesting the permit.

It shall be understood that in no case shall the yard area of a residence be landscaped in such a manner that the area drains directly onto the edge of the pavement. All drainage for the landscaping plans shall flow away from the roadway or be parallel with it.

After inspection of the above-described property, I find that:

_____ No pipe is required and no change needs to be made in the existing driveway.

The following is required: _____
